

GOOD ENOUGH TO EAT

Fifteen frames. Fifteen verified SKUs. Every piece of gold photographed on something you already reach for.

WHAT THIS DOCUMENT IS

A production brief for Claude Design. The fifteen photographs in this book are finished, verified and carry no type, no logo and no graphics of any kind — that is deliberate. Each image page states exactly which graphic layer to build on top of it, drawn from the reference set supplied by the client.

Every product shown was generated from its true supplier photograph, not from a previous render, and every frame was then compared back against that original before it entered this book. Two frames failed that check and were reshot. The verification table on page 4 records the state of all fifteen.

Frames	15, raw, no graphics baked in
Format	3:4 portrait, 2K, PNG

What the references actually do

Fifteen reference screenshots were supplied. They are not quiet product photography and they do not sit on plinths. Read together they run one mechanic and one graphic system, and the campaign is built from both.

THE MECHANIC

Jewellery photographed on ordinary things the audience already loves — a crushed chrome can, an ice-cream cone, a rose-syrup bottle, a straw, a glass rim, a shell. Aspiration through familiarity. The object does the talking; the gold is the only precious thing in an unprecious scene.

The graphic system, as observed

- **Greyscale + colour cutout**

Photograph desaturated to mono, product areas restored to full colour inside hairline rectangles, each captioned in handwritten script.

- **Hand-drawn outline**

A loose white marker line traced around the product silhouette, deliberately imperfect, sitting over a flat colour block.

- **Display serif headline**

High-contrast serif set very large, tucked into the frame's negative space — never over the product.

- **Collage grid**

Nine-up or six-up tiles of related frames with heavy sans type knocked across the whole grid.

- **Gamified layout**

The product arranged as a game board — chains as grid lines, confectionery as counters.

The house prompt formula

Naira's existing shoots use a four-part prompt. It is reproduced here because it is why these frames hold the product's real geometry, and because any reshoot must use it unchanged.

BRAND CONTEXT

Fixed across the campaign. Demi-fine gold-tone jewellery for the Indian market; hard directional light, saturated ground, strong defined cast shadow, tight product focus.

PRODUCT CONTEXT

Written from the supplier original, never from a render. States stone cut, exact stone count, setting type, clasp type and what must not change. This is the single most important block.

SCENE

The everyday object, the ground colour, the light direction, and which corner of the frame is reserved as a copy shelf.

NEGATIVE GUARD

Render only the physical objects — absolutely no text, letters, numbers, logos, brand names, labels, watermarks, price tags or graphic overlays anywhere in the frame.

WHY THE GUARD MATTERS

The graphics are Claude Design's job, not the generator's. A model asked to render type produces unusable near-letterforms and bakes them into the pixels. Every frame in this book is clean plate for that reason.

SKU verification

Every SKU below was checked live for status and inventory, and its frame compared against the true supplier original before inclusion. Three SKUs originally planned for this campaign were dropped at this stage for being on DRAFT.

DROPPED AT VERIFICATION

Star Fall Drop Earrings (DRAFT, zero inventory) · Scatter Light Band (DRAFT) · Classic Solitaire Ring (DRAFT). Replaced with Solitaire Whisper Studs, Pearl Point Studs and Clover Trio Edit. Do not reinstate the dropped three without republishing them first.

Woven Gold Hoops

E202670

OBJECT

Crushed chrome can, gripped

AD JOB

Category authority — the campaign's hero frame.

FOR CLAUDE DESIGN

GREYSCALE + COLOUR CUTOUT.

Desaturate the whole frame to a cool mono. Restore full colour only inside a hairline white rectangle drawn around the hoops. Caption it in handwritten script, lowercase, just outside the rectangle's lower-left corner. Set the campaign headline in the display serif across the clean top third, cream, never crossing the hand. Flower seal bottom-right at 5.5% of frame width.

NON-NEGOTIABLE

Wordmark cream only. Clear-space = height of the A. Never stretch, tilt, rotate or set on a curve. Sharp corners on every graphic — radius 0.

Ribbon Bow Earrings

E16075B

OBJECT

Syrup-glazed sweet coil on steel

AD JOB

Craft proof — the four pear stones read at size.

FOR CLAUDE DESIGN

HAND-DRAWN OUTLINE + OFFER.

Trace a loose white marker outline around both bows, deliberately imperfect, one continuous stroke with a visible overshoot. Set the offer as a hard-edged ink lozenge in the clean lower right — sharp corners only, radius 0. Keep the marigold ground untouched; it is doing the stopping power.

NON-NEGOTIABLE

Wordmark cream only. Clear-space = height of the A. Never stretch, tilt, rotate or set on a curve. Sharp corners on every graphic — radius 0.

Textured Gold Hoops

FE03586B

OBJECT

Balanced on a chai glass rim

AD JOB

Projection — an everyday morning, elevated.

FOR CLAUDE DESIGN

DISPLAY SERIF HEADLINE.

Headline in the high-contrast display serif across the clean bottom third, cream, with the second line dropped into the italic for the emphasis word. No outline, no cutout — this frame is the quiet one in the set and should stay quiet.

NON-NEGOTIABLE

Wordmark cream only. Clear-space = height of the A. Never stretch, tilt, rotate or set on a curve. Sharp corners on every graphic — radius 0.

Pearl Halo Studs

WE24089B

OBJECT

Pressed into pistachio kulfi

AD JOB

Scale proof — the melt line gives the pearl its size.

FOR CLAUDE DESIGN

COLOUR BLOCK + SCRIPT LABEL.

Lay a flat pistachio block over the upper-left quadrant, matched to the dessert, and set the product name in handwritten script across it in cream. Add a thin cream rule under the script. Leave the melt drip completely clear of any graphic.

NON-NEGOTIABLE

Wordmark cream only. Clear-space = height of the A. Never stretch, tilt, rotate or set on a curve. Sharp corners on every graphic — radius 0.

Solitaire Whisper Studs

E16355C

OBJECT

On a plain tea biscuit

AD JOB

Brand recall — the most familiar object in the set.

FOR CLAUDE DESIGN

COLLAGE CELL.

This frame is built to sit inside a nine-up grid with 04, 08 and 10. Crop square, leave a 12px cream gutter, and knock the campaign line across the finished grid in heavy sans, ink, spanning cell boundaries. Do not letter this frame on its own.

NON-NEGOTIABLE

Wordmark cream only. Clear-space = height of the A. Never stretch, tilt, rotate or set on a curve. Sharp corners on every graphic — radius 0.

Verdant Circlet Studs

FE02847B

OBJECT

In a split green coconut

AD JOB

Category authority — the green anchor of the set.

FOR CLAUDE DESIGN

GREYSCALE + COLOUR CUTOUT.

Mono the frame, restore colour only inside a hairline rectangle around the studs — the green stone must stay saturated, it is the whole point. Script caption outside the rectangle's right edge. Wordmark cream in the clean right band, clear-space equal to the height of the A on every side.

NON-NEGOTIABLE

Wordmark cream only. Clear-space = height of the A. Never stretch, tilt, rotate or set on a curve. Sharp corners on every graphic — radius 0.

Petite Pavé Band

WR12518B

OBJECT

Threaded on a soda straw

AD JOB

Craft proof — four bands and the claw-set stone legible.

FOR CLAUDE DESIGN

HAND-DRAWN OUTLINE.

White marker outline around the ring only, following the open splayed ends so the shape reads. Add three short radiating sparkle ticks at the claw-set centre stone. Offer lozenge along the clean bottom edge, ink on the ice-blue.

NON-NEGOTIABLE

Wordmark cream only. Clear-space = height of the A. Never stretch, tilt, rotate or set on a curve. Sharp corners on every graphic — radius 0.

Pearl Point Studs

E19263B

OBJECT

On a folded betel leaf

AD JOB

Provenance — the one unmistakably Indian object.

FOR CLAUDE DESIGN

COLLAGE CELL + SCRIPT.

Square-crop for the grid with 04, 05 and 10. Within the cell, set the product name in handwritten script bottom-left in cream. The double rope frame must not be covered by any graphic — it is the piece's signature.

NON-NEGOTIABLE

Wordmark cream only. Clear-space = height of the A. Never stretch, tilt, rotate or set on a curve. Sharp corners on every graphic — radius 0.

Rose Verdant Band

R18345A1

OBJECT

Hooked on a rose-syrup bottle

AD JOB

Projection — nostalgia carries the sell.

FOR CLAUDE DESIGN

DISPLAY SERIF + OFFER.

Large display serif headline down the clean left band, cream, set tight. Offer lozenge directly beneath it, ink fill, sharp corners. Do not add a label to the bottle — it must stay unbranded, which is why it was shot bare.

NON-NEGOTIABLE

Wordmark cream only. Clear-space = height of the A. Never stretch, tilt, rotate or set on a curve. Sharp corners on every graphic — radius 0.

Clover Trio Edit

JDE0201327

OBJECT

Noughts and crosses in gold chain

AD JOB

Gamified — the set-seller and the save-bait.

FOR CLAUDE DESIGN

GAMIFIED LAYOUT.

The frame already is the graphic. Add only a heavy sans caption across the top in ink and a single winning line struck through three cells in the marker white. Resist anything more; the reference proves this layout works bare.

NON-NEGOTIABLE

Wordmark cream only. Clear-space = height of the A. Never stretch, tilt, rotate or set on a curve. Sharp corners on every graphic — radius 0.

Prism Rivière Bracelet

B00681C

OBJECT

Draped on violet shaved ice

AD JOB

Category authority — the loudest frame in the set.

FOR CLAUDE DESIGN

GREYSCALE + COLOUR CUTOUT.

Mono everything except a hairline rectangle around the bracelet, where the pastel stones return at full saturation — the contrast of pastel against mono violet is the shot. Script caption below the rectangle. Headline top third, cream.

NON-NEGOTIABLE

Wordmark cream only. Clear-space = height of the A. Never stretch, tilt, rotate or set on a curve. Sharp corners on every graphic — radius 0.

Baroque Bloom Cuff

YF6671

OBJECT

Around stacked steel tiffin tins

AD JOB

Provenance — gallery object meets kitchen shelf.

FOR CLAUDE DESIGN

DISPLAY SERIF HEADLINE.

Headline in the display serif down the clean right band, ink on the steel-grey, with the italic on the emphasis word. Thin ink rule beneath. No outline — the cuff's silhouette is already doing that work.

NON-NEGOTIABLE

Wordmark cream only. Clear-space = height of the A. Never stretch, tilt, rotate or set on a curve. Sharp corners on every graphic — radius 0.

Rivière Eternal Bracelet

YF7085

OBJECT

Coiled in a marigold garland

AD JOB

Category authority — wedding season, gifting.

FOR CLAUDE DESIGN

OFFER-LED.

This is the offer frame. Large ink lozenge upper right with the discount set in heavy sans, sharp corners, no rounding. Headline in display serif beneath it, cream. Keep the buckle station clear of all graphics — it is what distinguishes this bracelet.

NON-NEGOTIABLE

Wordmark cream only. Clear-space = height of the A. Never stretch, tilt, rotate or set on a curve. Sharp corners on every graphic — radius 0.

Serpentine Whisper Chain

YF8439

OBJECT

Dipped into filter coffee

AD JOB

Projection — the daily ritual frame.

FOR CLAUDE DESIGN

HAND-DRAWN OUTLINE + SCRIPT.

Trace a white marker line following the chain from the rim down to the stone, ending in a small hand-drawn ripple ring on the coffee surface. Script product name in the clean left band. No lozenge on this one; it is the restrained frame.

NON-NEGOTIABLE

Wordmark cream only. Clear-space = height of the A. Never stretch, tilt, rotate or set on a curve. Sharp corners on every graphic — radius 0.

Baroque Pearl Lariat

YF8457

OBJECT

Spilling from a sweet box

AD JOB

Gifting hero — the closing frame.

FOR CLAUDE DESIGN

DISPLAY SERIF + WORDMARK.

Campaign sign-off. Display serif headline across the clean top, ink. Full NAIRA wordmark centred in the lower third at 30% of frame width, cream only — never recoloured, never tilted, never stretched. This is the only frame that carries the full wordmark at hero scale.

NON-NEGOTIABLE

Wordmark cream only. Clear-space = height of the A. Never stretch, tilt, rotate or set on a curve. Sharp corners on every graphic — radius 0.

What to hand back

01 Fifteen finished frames

Each frame with its graphic layer applied as specified, exported at 2K in 3:4, plus a 1:1 square crop of frames 04, 05, 08 and 10 for the collage grid.

02 One nine-up grid

Built from the four square crops plus five repeats at reduced opacity, with the campaign line knocked across it in heavy sans.

03 Two offer variants per frame

One with the discount lozenge, one without. The clean version is the evergreen asset and outlives the promotion.

04 Layered source files

Type, outline, cutout mask and lozenge each on their own layer. The photograph layer must remain unflattened and unretouched — it is the verified plate.

One thing to leave alone

Do not retouch the jewellery. Every piece in these frames was verified stone by stone against its supplier photograph — stone count, cut, setting, clasp. A cosmetic adjustment to a claw or a stone breaks that chain and the frame stops being evidence of what the customer receives.
